**CC:** Thayer, Kris [thayer.kris@epa.gov]  
**Subject:** Systematic Review: updating the PCB Exposure Estimation Tool  
**Location:** Call in Ex. 6 Personal Privacy (PP)  
**Start:** 12/4/2018 7:00:00 PM  
**End:** 12/4/2018 8:00:00 PM  
**Show Time As:** Tentative

**Required Attendees:** Lavoie, Emma; Nichols, Jennifer; Fry, Meredith; Morozov, Viktor  
**Optional Attendees:** Thayer, Kris

Please join us for a discussion of efforts to update the PCB Exposure Estimation Tool. The Tool was developed in 2009 to estimate PCB exposure for various pathways (i.e., inhalation of indoor and outdoor air, soil and dust ingestion, and dietary intake) using background PCB concentrations for environmental media (e.g., air, soil, dust) found in the scientific literature. To update the Tool, we would like to identify and review relevant literature that has been published since the Tool was first developed using a systematic approach.
